### EDUCATION

**Massachusetts Institute of Technology/Woods Hole Oceanographic Institution.** Ph.D.  
Biological Oceanography, 2008

**University of San Diego.** B.A., Marine Science with Biology emphasis, Summa Cum Laude, 2001

### RESEARCH & PROFESSIONAL EXPERIENCE

**Fred Hutchinson Cancer Research Center**, Seattle WA

*Director of Academic Alliances and Data Strategy* July 2018 - Present

Develop partnerships with academic and non-profit research organizations in support of Hutch Data Commonwealth initiatives.

**Collaborative Knowledge Foundation (Coko)**, San Francisco CA

*Director of Strategic Development* December 2017 - June 2018

Established and managed the development of the [Coko](#) community program across all publishing products and services. Worked with marketing team, developers, and product managers to effectively communicate Coko's mission of creating open source infrastructure for research communication. Co-ordinated meetings, wrote grant proposals, and produced external-facing information about Coko's book and journal publishing platforms.

**Gordon & Betty Moore Foundation**, Palo Alto CA

*Program Officer* March 2015 - December 2017

Contributed to strategy development, implementation, and management of the [Data-Driven Discovery Initiative](#). Managed grants in the Initiative's portfolio; planned and oversaw grantee meetings, collaborations and partnerships; and tracked trends, synthesizing knowledge relevant to the initiative. Separate from the Initiative, sourced and developed grants related to improving how science is conducted, including projects focused on data management, scholarly communication, and synthesis studies. Led the Foundation in establishing an [Open Access policy](#) for all grantees.

**California Digital Library**, University of California Office of the President, Oakland CA

*Research Data Specialist* July 2011 - March 2015

Provided guidance and consultation on data stewardship to UC researchers; led workshops and gave seminars on the value of data management for scientists; promoted open science and open data within the UC and beyond. [Dash](#) data curation platform product manager; DMPTool ([dmptool.org](http://dmptool.org)) project team member. Supervisor, CLIR/DLF Postdoctoral Fellow in Data Curation. Communications and outreach coordinator: maintained blog and social media accounts. Briefly seconded by DataCite ([datacite.org](http://datacite.org)) to serve as Manager of Strategic Partnerships.

**DataONE**, based at National Center for Ecological Analysis & Synthesis, UC Santa Barbara

*Postdoctoral Associate* September 2010 - August 2011

Engaged the scientific and data management community in the Data Observation Network for Earth ([DataONE](#)), which is cyber-infrastructure that provides universal access to environmental and ecological data. Included conducting research related to data education, workshop organization, and participation in working groups to engage the community.

**University of Alberta & Dalhousie University**, Edmonton AB & Halifax NS, Canada

*Postdoctoral Investigator*

January 2009 - October 2010

Used theoretical and experimental approaches to understand the role of life stage in establishment of invasive copepods introduced via ballast water.

**Woods Hole Oceanographic Institution, Woods Hole MA**

*Postdoctoral Investigator*

March 2008 - December 2008

Developed demographic models of the endangered North Atlantic right whale population based on mark-recapture data.
